Security Technology for DIY & Hardware business

Introducing Securitas Technology Ireland

Global expertise at a local level

Part of Securitas, **Securitas Technology** is a leading provider of integrated fire and security solutions that **protect, connect** and **optimise** organisations of all types and sizes.

We combine the resources, scale and reliability of a global brand, with the accountability, responsiveness and personal touch of a local partner.

"Our specialist team work in partnership with clients to help mitigate a myriad of ever-evolving risks. Through integration and optimisation, we'll focus on helping you gain maximum value from your security investment."

See a different world

› More than 13,000 Securitas Technology colleagues in 40 countries are focused daily on our purpose to help make your world a safer place, and our commitment to deliver an unparalleled client experience.

› In Ireland, our team of over 130+ employees includes designers, account managers, adminstrators, and local technicians who are committed to providing you with the highest standards of installation, service and ongoing support.
